

COMPANY PROFILE

From Orchard to Export.

A registered farm-produce trading company connecting growers across Himachal, Kashmir and India's mango belts directly to international B2B buyers.

ABOUT

Generational roots, modern rigor.

Farmsons carries a family legacy in agricultural trade dating back to 1985. Led by founder Zahid Shamim (Jadavpur University, UCLA Anderson MBA, ex-Visa), the company is building modern infrastructure between growers and international buyers — structure, quality standards and direct grower relationships in one accountable trading house.

Three verticals. One operating discipline.
